## EXPERIENCE

### Gway Tech Solutions Private Limited , Chennai

*Backend Developer intern* Nov 2023 - Feb 2024

Technologies : Django & Rest Framework , ORM , Python , MySQL

Implemented jwt token based authentication and authorization ( access control ) mechanisms, ensuring secure access to resources

Integrated backends of two applications and allowed to securely fetch and update one application's data from another application using api token

Utilized the raw SQL(correlated subquery) along with django ORM to reduce the time needed to query data ( before : 3-4 s , after : 1 s )
